The forthcoming IEEM2023 Conference will continue to be a great event founded on tradition and excellence. We believe the IEEM2023 conference will provide an invaluable opportunity to meet colleagues face-to-face, exchange new ideas, and build a personal network in direct contact. We invite high-quality submissions for IEEM2023 covering substantial, original, and previously unpublished research. Submissions should fit into one or more of these topics:

- Big Data and Analytics
- Decision Analysis and Methods
- E-Business and E-Commerce
- Engineering Economy and Cost Analysis
- Engineering Education and Training
- Healthcare Systems and Management
- Human Factors
- Information Processing and Engineering
- Intelligent Systems
- Manufacturing Systems
- Operations Research
- Production Planning and Control
- Project Management
- Quality Control and Management
- Reliability and Maintenance Engineering
- Safety, Security and Risk Management
- Service Innovation and Management
- Supply Chain Management
- Systems Modeling and Simulation
- Technology and Knowledge Management

Submit A Full Paper

Full papers are reviewed and only accepted ones are included in the conference proceedings that will be submitted for publishing by IEEE Xplore. Choose this option if publishing your research is important.

- Online submission opens on **12 January 2023**
- Full paper submission deadline: **01 June 2023**
- Final acceptance of papers: **17 August 2023**
- Publish ready papers: **28 September 2023**
- Final conference program: **November 2023**

Submit Abstract Only

We understand that for many researchers, submitting a full paper can be a daunting task. This resource is designed for authors whose big reasons exclude publishing

- Online submission opens on **12 January 2023**
- Abstract only submission deadline: **13 July 2023**
- Final acceptance of abstracts: **17 August 2023**
- Final conference program: **November 2023**
